

Rebecca,

WOW! You DID AWESOME—you have huge talent....those photos will be wonderful for their school brochures and needs, I am so proud of you. You did that alone and me thinking of myself doing it alone scares me silly-so you should be SO PROUD OF YOURSELF!!!!!!

All the portraits are great and the ones of the dental assistants and in the classroom are so natural looking and they are looking like they are having fun and that makes them real.

I could not have asked for a better mentor.....God brought me you.

Talk to you later

Love ya!!!!

Ellie
